Re: City of Perth Amboy v. Madison Industries, et al.
Docket Nos. C4476-76 and L-28115-76 Consolidated

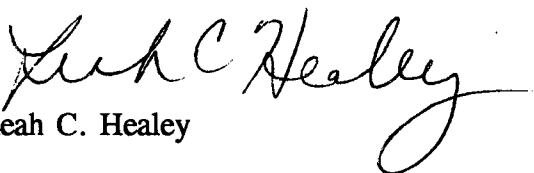

Dear John:

Enclosed please find copies of the most recent pleadings submitted by Perth Amboy and Madison in connection with the piles of material on the Madison site. As you may know, the City filed an Order to Show Cause in the pending case before Judge Hamlin to have the piles removed or enclosed.

The return date for the Order was November 1, 1994, and Judge Hamlin has reserved his decision to further consider the legal issues before issuing his decision.

If you should have any questions, please do not hesitate to contact me.

Very truly yours,

Leah C. Healey
